

Project Design Phase-I Solution Architecture

Date	25 October 2022
Team ID	PNT2022TMID12092
Project Name	Virtual Eye- Life Guard for Swimming Pools to Detect Active Drowning
Maximum Marks	4Marks

Solution Architecture Diagram:

Solution architecture is a complex process – with many sub-processes – that bridges the gap between business problems and technology solutions. Its goals are to:

- Find the best tech solution to solve existing business problems
- Describe the structure, characteristics, behavior, and other aspects of the software to project stakeholder
- Define features, development phases, and solution requirements
- Provide specifications according to which the solution is defined, managed, and delivered
